For Climbers on Mt. Ishizuchi

~Please prepare proper equipment to be safe!~

1 Please fill out on online "mountain climbing report" in order to prevent injury, distress and so on.

☆Please use the online system "Compass". This system can file a report, letting others know you are climbing Mt. Ishizuchi.

The Ehime Prefectural Police Headquarters has an agreement with Association "Compass", a public interest group.

Climbers can register on "Compass" using their Computer or smart phone.

You can also register your climbing route in the event a rescue team needs to locate you

※As in the past, you can use hand in the report of climbing with the Saijo Police Station, the climbing post of Mt. Ishizuchi.

Compass : <http://www.mt-compass.com>

In Mt. Ishizuchi there's still a lot of the snow on the ground from April 29th to May 6. Therefore it is dangerous and you may slip on the ground. Don't forget your equipment (like rampons).

Number of incidents in Ehime (2018)

Number of incidents	20
Lost and Distress	26
Death tall	1
Number of Injuries	5

2 Please use your GPS information if you are in distress.

☆The system for sending e-mail including location information

in case of disaster

By using the system, we can locate you using your GPS information.

The system has been used in conjunction with the 110 police emergency calls since 2016.

Procedure

- ① call 110 police emergency call
- ② Following the Instruction from the police officer,

※ It is necessary to use your GPS information by your smart phone.

Climbers can use the system from the address below.
